International publisher – ensures organization of collective of Coauthors

There are such moments in the human life, when a man cannot solve all his problems by himself. Sometimes such situations occur, where it is impossible to perform a certain task before the predetermined moment by himself.

However, there exists "the heaven-sent opportunity", in accordance with which it is possible to ensure quick publication of the article in Scopus.

The following conditions must be complied with in order to ensure such publication:

1. Relevant scientific article must be written.
2. Availability of the journal, which will publish this article.
3. Availability of the specialist, who will ensure correct styling of this article in accordance with the requirements of the relevant journal.
4. Availability of the specialist, who will ensure quick amalgamation of all above-listed factors.

International publisher LLC can quickly find all necessary persons and create a single team from:

the Author of the article and journal,
the Coauthor (who will make payment to the journal),
technical editor.

Period of publication – from **14 days** to **2 months**.

It is also possible to become the coauthor of more than 200 articles at any time.
